ABOUT ME

Python Developer and Diploma Information Technology student with hands-on experience in backend systems, REST API implementation, and Python-based applications. Skilled in Python, Django, Django REST Framework, MySQL, and SQLite, with experience building, enhancing, and maintaining database-driven and API-based projects. Seeking an entry-level Python Developer role to apply technical skills, improve system performance, and contribute to real-world software solutions.

SKILLS

Python
Django
Rest API
Digital marketing
Problem solving
Teamwork
Time Management

EDUCATION

GOVERNMENT POLYTECHNIC FOR GIRLS AHMEDABAD	2023-2026
Pursuing in Diploma (Information Technology) 3rd year CGPA: 7.05	
Tops Technologies Ahmedabad.	2025
Course: Python Development	

LANGUAGES

• English Hindi Gujarati

PROJECT

MACHINE LEARNING

TESLA STOCK PRICE ANALYSIS

Tesla Stock Price Prediction: Built and evaluated ML & LSTM models on 1,600+ days of Tesla stock data, achieving accurate trend forecasting with deep learning

PYTHON

BUILDING MATERIALS SYSTEM

A console-based system that manages stock, user orders, transporter assignment, and delivery confirmation. It includes three modules—Admin, User, and Transporter—and stores all data (stock, orders, deliveries) in a JSON database.

PYTHON

DJANGO E-COMMERCE WEBSITE WITH REST API

Developed a RESTful backend using Django REST Framework with modular API design. Implemented CRUD operations for products, cart, and wishlist using generic API views. Separated frontend and backend logic for scalability.
Managed relational data using Django ORM and SQLite database.

PYTHON

STUDENT MANAGEMENT SYSTEM (PYTHON , MYSQL, TKINTER)

Developed a GUI-based Student Management System using Python Tkinter for user interaction and MySQL for backend database management.

Implemented CRUD operations to add, view, update, and delete student records efficiently. Integrated MySQL connectivity using mysql-connector with automatic database and table creation.

Designed the system to store data permanently and reduce manual record-keeping.
